

In Our House...

We hang up the towels neatly after bathing.

We don't drop our things when we come in the door. We put them where they belong.

We make our beds before we leave our room.

We take responsibility for completing the chores assigned to us.

We always flush the toilet immediately after use.

We make sure all trash goes into the trash basket.

We put what we need to take with us the next day by the front door the night before.

We put dirty clothes into the hamper as soon as we take them off.

We put our dishes into the dishwasher, not the sink.

We don't complain about our responsibilities.

We put away toys, games, tools, and stuff as soon as we finish using them.

We keep our closets and drawers neat.
