advent calendar

Instructions: **PRINT** out the two pages, but NOT back to back. Place the two sheets on top of one another and **TAPE** the tops together. On the day matching the number, **CUT** along the sides to lift up the number flap and reveal the Christmas joy task for the day. When you have completed the joy task, "X" it out! After the first week, cut off that row of numbers and move on to the next. At the end you will have a month of completed Christmas joy!

For any task with a **red title**, click on the title to open the resource in your web browser.
