

# pray for our country

## I PRAY:

- for all those in authority—our lawmakers, judges, and elected officials—that they turn to God in His wisdom and strength.
- for all citizens, that we would seek God in humility and reject sin.
- for respect for all human life.
- for racial justice and equality, that all people would feel valued and respected.
- for our military and military families, that they remain safe, strong, and courageous.
- for our first responders, that they are protected from danger and use their power well.
- for the news media and influencers. May they seek truth and use their voices to influence others for good.
- for the wealthy and powerful, that they use their abundance to help those with less.
- for the poor and powerless, that they know their voices and actions have significance.
- for divisions to be healed and for unity among these 50 states and the hearts of God's people.
